

HAVE YOU SEEN ME ?

© Vida Zrnčić

I am a **young Yelkouan shearwater**. Every night in July I learn to fly, but tonight I was **disoriented** by the nocturnal lights!

I am lost now and I am **very vulnerable** to cars and animals. As I am an **endangered species**, every life counts for our survival!

Without your help I cannot find my way home !

3 STEPS TO HELP ME

1 CATCH ME IF YOU CAN

Be careful, I'm scared and disoriented so I may try to bite you. Approach me **from behind** and hold my wings with **both hands**.

Place me in a cardboard box with **large holes** (on the sides and bottom corners) and a **soft cloth** on the bottom.

Leave the box in a **dark and airy place**, away from people and animals.

NEVER RELEASE ME INTO THE SEA! Even though I am a seabird, I may not be able to float yet and I **could sink!**

2 CALL THE RESCUE TEAM

Once I am safe, or if you don't feel able to catch me, please call the **Yelkouan Rescue Team**.

Every night from the **8th to the 31st of July**, volunteers and Lastovo Park staff are ready to collect, care for and release any lost Yelkouans like me.

Contact : 00385 95 8774 733
or 00385 91 5368 653

3 KEEP YOUR PETS INDOORS

Even the cutest pets can be a **danger** to me. Please keep them **indoors or on a leash** during the night.

JESTE LI ME VIDJELI?

© Vida Zrnčić

Ja sam **mlada gregula**. Svake noći u srpnju učim letjeti, ali večeras **sam se dezorijentirala** zbog noćnog svjetla!

Sada sam izgubljena i **u velikoj opasnosti** od automobila i drugih životinja. Budući da sam **ugrožena vrsta**, moj je život dragocjen za naš opstanak!

Bez tvoje pomoći ne mogu pronaći put kući!

3 KORAKA KOJIMA MI POMAŽEŠ

1 UHVATI ME AKO MOŽEŠ

Pazi, uplašena sam i dezorijentirana pa bih te mogla ugristi. Priđi mi s leđa i drži mi krila uz tijelo objema rukama.

Stavi me u kartonsku kutiju s **velikim rupama** (sa strane i u donjim kutovima) i s **mekom krpom** na dnu.

Ostavi kutiju **na tamnom i prozračnom mjestu**, daleko od ljudi i životinja.

NIKADA ME NEMOJ PUSTITI U MORE! Iako sam morska ptica, možda još ne mogu plutati i **mogla bih potonuti!**

2 POZOVI SPASILAČKU EKIPU

Jednom kada sam na sigurnom, ili ako me ne možeš uhvatiti, nazovi **spasilački tim za gregule**. Svake noći **od 8. do 31. srpnja**, volonteri i djelatnici PP Lastovsko otočje spremni su preuzeti, zbrinuti i na kraju osloboditi sve izgubljene gregule poput mene.

**Kontakt : 00385 95 8774 733
ili 00385 91 5368 653**

3 NE PUŠTAJ LJUBIMCE VAN TIJEKOM NOĆI

Čak i najslađi kućni ljubimci mogu biti **opasni za mene**. Molim te, drži ih noću u svom vrtu ili stanu ili na uzici.
